Welcome to Ubuntu 20.04.3 LTS (GNU/Linux 5.11.0-38-generic x86_64)

 * Management:     https://landscape.canonical.com
 * Support:        https://ubuntu.com/advantage
```

! Attention: Put the @-characters in the right place.
If you enter something like `ssh ta.graf@oth-aw.de@ki-003@oth-aw.de`, you will end up on a different computer of the OTH. Access to this computer is not possible!
The question about the fingerprint should always include the desired computer, eg. “ki-003.oth-aw.de (10.10.134.106)”. If you are asked for “host ’oth-aw.de (10.10.50.93)’ ” you are wrong.
